ASSOCIATES

April 3, 2018

Dear Mountain Eye Patients:

Mountain Eye Associates is proud to have had the opportunity to serve patients in Western North Carolina since 1977, and it has been our pleasure to provide eye care from our Canton location for the past 24 years. The practice of ophthalmology has been rapidly evolving, with increasingly sophisticated and costly equipment required to stay up to date. This has caused us to reevaluate the number of offices which we are maintaining, and after much consideration we have made the decision to close our branch office in Canton as of May 1, 2018.

The confidence you have shown us by choosing Mountain Eye Associates for your eye care is greatly appreciated, and we hope you continue to allow us to provide routine, optical, medical, and surgical services from any of our other three locations with the same doctors you have been seeing.

Mountain Eye Associates has utilized electronic medical records since 2003 and your medical records are easily accessible from any of our office locations.

We greatly value your loyalty over the years and look forward to providing all your eye care needs in the future. If you have questions, please feel free to give us a call.

Sincerely,

  
David Markoff, M.D.
